Journey to The Animal Adoption Center

This morning the second year feline-enthusiasts explored the Animal Adoption Center's (AAC) website to familiarize themselves with the adoptable cats. Next, they shared ideas about cats and brainstormed questions to ask during our small group journey this afternoon.

"I just like Milo [Adger & Ollie's family cat] because he's so cute. Guess what Milo was doing when I waked up last night... sleeping in my bed!" -Adger

"There are so many cats in the city."

-Brooke

A huge 'thank you' to Kara at the AAC for taking time this afternoon to share her knowledge of cats and for the amazing hands-on experience that she provided our children!
